## Set Your Sights

### On a Higher Caliber of Shooting Sport

A whole new way to test your shooting skills. What you learn will stay with you forever!  
USPSA/IPSC Every Third Saturday, April thru October; and the First Saturday in November.

\$20 / event / shooter • \$15 / COLSC Members

9 a.m. Registration and Safety Check • 10 a.m. Match Start

Bring a safe gun and holster, ammo carriers, belt and several hundred rounds of ammunition.  
Eye and hearing protection are mandatory. Under 18 must be accompanied by parent or guardian.

Practical Shooting Matches are diverse. Course of fire will consist of a mix of props such as walls, barricades, doors, and tables with full or partial targets, no-shoot targets, steel reactive targets, moving targets, and others. As Practical Shooting is freestyle, you provide the solution to the shooting problem, and both score and speed count. Shooters of all ages may compete. There is a division for everything from revolvers to state-of-the-art high capacity, compensated pistols with red-dot sights.
